Career Objective

A skilled and dedicated Frontend Developer with 2 years of experience in creating efficient, responsive, and user-friendly web applications. Proficient in HTML, CSS, JavaScript, and React, I am passionate about developing seamless interfaces and delivering high-quality code. With a focus on innovation and problem-solving, I aim to contribute to impactful projects while advancing my technical expertise in modern web development.

Skills

- Frontend Development: HTML, CSS, JavaScript, React, Vite React, Tailwind CSS, Responsive Design.
- API Integration: RESTful APIs, Open APIs.
- State Management: React Context API, Local Storage, Cookies.
- Version Control: Git, GitHub.
- Problem Solving: Algorithms, DOM manipulation, creative debugging, and optimization.
- Project Management: Organized approach to development and task completion.

Work Experience

Frontend Developer (Freelance)

September 2022 - Present

Built and deployed responsive websites, showcasing expertise in React and modern frontend tools.

Integrated APIs into frontend applications to create dynamic, data-driven experiences.

Enhanced projects with efficient loading/error handling mechanisms.

Developed clear, maintainable codebases and ensured cross-browser compatibility.

Education

High School Diploma

Standard High School, September 2023

Notable Projects

E-Commerce Site:

Designed and developed a fully functional e-commerce platform using React and Vite.

Integrated API features such as product categories, search functionality, and pagination.

Utilized Tailwind CSS for responsive and visually appealing layouts.

To-Do List App:

Created a task management app with functionality for adding, editing, and removing tasks.

Focused on user experience with a simple and intuitive design.

Hobbies & Interests
